WHAT OUR CLIENTS SAY

Hey Kurt, I just wanted to take a minute to let you know about my personal experience with the ARC Loan process. First, I can't tell you how good it made me feel to get that phone call from you less than an hour after I submitted the lead on my 1st Choice website checking to see if I had any questions and thanking me for the lead. Second, Carrie C. was awesome she stayed with me and on me through the whole process she made sure I was informed about what was needed from me and what I should expect next and she was right on the money the whole time. Last but certainly not least I am saving nearly \$300.00 per month on my mortgage and I never have to worry about refinancing again.

You should be very proud of your staff. They are First Class all the way.

Thanks again,

Gene C.

Thank you, you guys are great!

Clinton M.

You helped me lower my payments by \$750 a month and I'm so grateful! So, here's my story, My loan is through Bank of America, and I contacted them and was "approved" for Loan Modification. Sounds like GREAT NEWS, right? WRONG!!! Their "modification" was going to cost me more than the payments I couldn't afford, by over \$475!! Obviously if I couldn't make my payments then, what would make them think I could tack on another \$475? When I called them up their adjustor told me that only the 6 months I hadn't paid would be considered for modification and I'd also have to put down a "good faith" payment of \$6,226.00. I still couldn't make any of these payments. I can't thank you enough for helping me get things back in order, and better than before!!

When I lost my job, I didn't know where to turn. A friend had recommended you and I immediately called. After that, not only was my foreclosure stopped, but our payment was \$2,000 lower! We have an extra \$2,000 each month that is not going to the mortgage. You are a true life saver.

"This is the best financial services type company I have EVER been involved with".

WHAT OUR CLIENTS SAY

While we were apprehensive a bit, we still decided to join the program. We were contacted and the man was so nice! He was very careful and worked out a clear payment plan that we knew we could afford. Here we are, not even two months later, and my family and I are able to smile each morning knowing we do not have to even think of foreclosure. That was the best phone call I ever made.

Robert M. and Family

Thank you for all your help through my financial mess. It sure took a lot of stress away, not to mention the harassing phone calls and sleepless nights.

I thought there was no way my monthly mortgage payment could go any lower. I called my lender and they told me that my payment was not going to decrease. They were WRONG and my son was RIGHT. Looks to me that my son did learn from his father. My payment is much more manageable and now includes my taxes and insurance. The overall savings is close to 38% less than what I was paying before.

Larry G.

I received the greatest call the day before the holidays that my new Mortgage Payment would be cut in half. I cannot thank you guys enough. Thank you.. Thank you my prayers were met.

Alix M.

My Husband and I were struggling with our Mortgage Payments. Our motivation was gone and we resisted going through each day. We were becoming depressed and had no idea how to deal with the situation. After speaking with (your service provider), we were scared at first. But after checking them out with the Better Business Bureau and seeing that they have an A Rating we knew that we could rely on experience and knowledge in dealing with my lender. It only took them 5 months and we now have a Mortgage Payment we can afford. I know without their help I would still be depressed. I can now enjoy my home and look forward to many new memories.

WHAT OUR CLIENTS SAY (cont'd)

We tried to talk to the lender ourselves, we got nowhere talking to Countrywide ourselves. That is when we decided to call. The fee is reasonable and well worth the cost. It did take a while, we have Countrywide/Bank of America, the two worst lenders. In the end we got the modification and are very satisfied with the personnel who worked on our behalf. We are happy and grateful.

Lisa B.

I was in over my head and did not what I was going to do. (1st Choice Family's Service Provider) worked with me and the bank. They were very patient and attentive, no matter how many times I called. In the end they saved my home and got me a wonderful interest rate. Thank you for keeping my dream alive.

Cordette W.

We love you. The patience and warmth of your Team is fabulous. We are indebted to you. Thank you!

WHAT OUR CLIENTS SAY

Me and my Husband were on the verge of losing our home and I was looking through my E-Mails and seen that you could help us keep our home. So I called the number at the bottom of the E-Mail to see if it was for real. We were so surprised to find out that it was for real. We were at 8.5% and they got us down to 2.5%. What a Blessing and a great relief to us to keep our home.

Thank you for successfully helping me get my loan modified from Citi-Mortgage, and getting my payments reduced from \$1978 a month to \$1106, saving me over \$970 a month in payments!

Due to my financial situation, I would have been unable to afford my mortgage payments and would have more than likely lost my home. I really appreciate all the communication on updates, and my status with the bank while file was in the process. I felt I was always up to date, and your quick responses on any documents needed.

I would recommend you to anyone who needs help in modifying their mortgage payment to one they can afford. Thank you again,

"I just wanted to thank you for constantly following up with me. The last time I refinanced it seemed as if I always had to follow up with the mortgage company. Thanks for staying on top of everything and keeping things moving forward."

Don J.

"Your company was so much more professional then the last company I used. Every question I asked was answered honestly and accurately. I would recommend you to anyone."

Kasia W.

"I wanted to let you know how impressed I was with the job everyone did at your company. I have refinanced several times in the past and usually pick the company that has the lowest rates. Of course I did the same when I chose your company. However, this time I received great service to go with the low rate."

Mary & Steve R.

"It took 60 days from application to success. My old payment was \$2100, and I had back owed payments piling up. My new payment, after applying through 1st Choice Family, is now only \$1575!"

Document support services was able to prepare documents that I presented my lender BOA and the workout program was to the "T" of what I submitted to the bank. Wow! Was it worth the small cost I paid you guys to prepare my package for me.

Sammy J., Detroit

I was 33 months behind on my mortgage when I found your company. I can honestly say it changed my life and now things are back to where I need them to be. Thanks that was close.... they lowered my balance to the value of the truck and my payment was reduced by 45% thanks.

Alan M., Florida

Just wanted to write your quick thank you. We wouldn't be where we are right now without you guys. Thanks again for all your hard work on our documents. We are forever grateful.

Diane, Montana

Things were getting so tough, I remember barely making it home from work with my gas light on, to no dinner. Later that night my sister-in-law called and refered us to your company. Unlike our lender, you treated us like people. Life is so good now, and I would not hesitate to refer anyone to you

Amy and Brian, Maryland

I was having a tough time with Wells Fargo; it didn't seem like they really wanted to work with me. I couldn't understand why, as I was pretty upside down on the mortgage. I spoke with my Atty. and he recommended I try you. Your fee was way less than I thought, and, under two months later Wells Fargo lowered my balance by \$75,000 and my payment is just over half of what it once was!

Frank, California

You did it! My foreclosure was stopped!
